

Fixed RFID Reader Trade-Up Discounts Available Now!

Take your competitive advantage to the next level of Inventory Intelligence!

Whether you're a hospital, emergency service or retailer; in manufacturing, distribution or the public sector; items are always on the move. Knowing where your equipment, stock and assets are is essential for your operations.

Standard Fixed RFID Readers provide visibility into items 'at rest', but with Zebra's family of Fixed RFID Readers you can track items as they travel in, through and out of your facilities and vehicles too.

Our FX7500 Fixed RFID Reader brings you a new level of cost efficiency, providing maximum visibility and efficiency too.

The FX9600 Fixed RFID Reader delivers industry-leading read rates, exceptional read accuracy and superior RF sensitivity.

And with up to twice as many read ports as your average fixed reader, the FX9600 gives you even more visibility, helping prevent lost equipment, stock outs, theft and unplanned downtime.

So why risk losses to your business, when you could Trade-Up to the latest level of Inventory Intelligence?

TRADE-IN... any Fixed RFID Reader, from any manufacturer*
